

Putting Your Heart & Soul Into Your Home

While most people associate Valentine's Day with heart-shaped boxes of chocolates, chalky candy hearts, and flower arrangements, we always think about putting our heart and soul into our customers' homes!

While you're showering your loved ones with affection this Valentine's Day - don't forget to show your home a little love, too.

Our professionals are here to make sure your home's electrical system is well-cared for all year long. Contact us today to learn more about how we can help best maintain your property.

Taking Care Of Your Property's Health

While most people think about Valentine's Day in February, that's only part of the heart theme. February is also American Heart Month - meant to raise awareness and encourage habits for healthy living to reduce your risk of heart disease. Just like how your body benefits from healthy habits, your home also needs some recurring care to be at its best.

- **Preventative Maintenance Is Key** - The easiest way to take care of your home and save money in the long run is to complete preventative maintenance and care. Staying on top of small electrical issues can help you avoid emergency repairs and replacements down the road.
- **Check Your Smoke Detectors** - Don't ignore those smoke detectors. Test them out every once and a while - and when necessary, be sure to update your batteries or equipment to keep your home safe.
- **Clean Air Filters For Optimal Comfort & Efficiency** - Another commonly forgotten task is swapping out those HVAC air filters. Swapping out your filters more often means less stress on your HVAC equipment and a more comfortable home with less energy waste.

Superior Service Electric is here for all of your electrical system needs. Contact us [online](#) or call us at (205) 433-4022.
