

## April Showers & Your Home - What Do You Need To Worry About?

April Showers Bring May Flowers...and then some!

Spring is a beautiful time of growth and renewal. But with big changes in the air, you need to make sure you're keeping up with your home's ongoing care and maintenance.

Our team is ready to help! We can help make sure your property is at its best this spring and all year long.

## Springtime Maintenance For Your Home

Changes in season mean some new housekeeping routines. Taking a few steps now means a home you'll be able to enjoy more this spring and summer without too much hassle.

- **Clear Back The Landscaping Near Your HVAC Units** - Spring growth happens quickly! You don't want your landscaping to encroach your exterior HVAC equipment - as this can cause airflow problems and lead to energy efficiency problems
- **Clear Your Gutters & Downspouts** - Clogged gutters can harm your property. When rainwater cannot properly flow away from your building as designed, water may pool around your property, causing foundation shifting.
- **Schedule An Electrical Safety Inspection** - When's the last time you reviewed your electrical safety? Have some peace of mind with a professional electrical safety inspection by our experts.

Superior Service Electric is here for all of your electrical system needs. Contact us [online](#) or call us at (205) 433-4022.
